

The Mark of a Classic Finish

January 15, 2020

Dear Porcelain Enameller or Supplier:

The 82nd PEI Technical Forum and 29th Suppliers' Mart will be in Louisville, KY at the Seelbach Hilton. This will be an opportunity to meet representatives from most of the porcelain enamellers in North America who are your current customers or potential customers. We are confident of another great event for the entire porcelain enameling industry in Louisville in 2020 with the Technical Forum, Suppliers' Mart and Back-to-Basics Workshop.

The rates for our Suppliers' Mart exhibitors are \$650.00 for a booth or \$450.00 for a tabletop during our 2019 event: non-members will pay \$950.00 and \$650.00 respectively. There is no charge for "Sustaining" members of PEI.

We are sure you will connect with current and potential customers for your products and we ultimately hope you will see the benefits of active participation with Institute activities. The Suppliers' Mart will be open on two successive evenings during the Technical Forum week – Tuesday (May 12) and Wednesday (May 13) - the booths are manned from the end of the technical program until 7:00 PM each night; PEI will again host light appetizers and drinks during the Suppliers' Mart.

This letter and attached form are sent for you to reserve your display space for the 2020 PEI Technical Forum and Suppliers' Mart. We do not yet have a detailed floor plan but we plan space for 15 - 20 total exhibitors in a mixture of both 10' booths and 6' tabletops. Please return the form promptly to reserve your space - we look forward to your joining us for another successful event.

Sincerely,

Stewart M. Hackler
Executive Vice President

29th PEI Suppliers' Mart

Registration Form
